

## Information skills: Searching WorldCat Discovery – Advanced Search

WorldCat Discovery is the library catalogue of the CSP's eLibrary, Knowledge and Archive Services (eLKAS).

<u>Click here to access WorldCat Discovery</u> or use the search box at csp.org.uk/library

Click Advanced Search in the Search box:

<b>1</b> Everything	🖹 Articles	📕 eBooks / Books	街 Journals			
Search Wo	orldCat Disc	overy				
"musculoske	"musculoskeletal physiotherapy"					
					Advanced Search	

or under the search bar in your interface:

	Hello My Account 🗸
Advanced Search Resources 🗸	🔍 Search history 🛛 🛨 Saved Items (0)
Search CSP eLibrary, Knowledge and Archive Services (CSP eLKAS) and beyond	
"musculoskeletal physiotherapy"	🛞 Q Search
	Advanced Search

In Advanced Search, you can:

- Enter search terms in multiple search boxes.
- Select Boolean **Operators** (AND, OR and NOT) between search terms.
- Select **Search Indexes** (Keyword, Title, Author, etc.) from drop-down lists for guided searching.
- Use **Search Tools** to limit or focus the search before it is performed.

## Select a database or a database group to search

- The default database configured in WorldCat Discovery is **WorldCat.org**, which includes bibliographic information from WorldCat and its collections.
- Open **All Databases** for a list of available databases, click the arrow to expand the list:
  - Select specific databases or click All to mark all databases to search.
  - Click **Save Changes** to save the selected for the search session.
